WORK EXPERIENCE

Graphic Design & Game Presentation

Graphic Designer and Video Board Operator | Minot Hot Tots & Honeybees (Internship) January 2026 - August 2026

- Team's first year with a Nevcoe video board. Develop layout and oversee all content on video board.
- Created graphic designs for ballpark signage, social media, video board content, and in-game programs.
- Produced video board content including still graphics, motion graphics, and videos.
- Operate video board during game days including set up and take down.
- Skills Developed: learned what it takes to get things "game ready" in a fast paced environment.

Digital Content Development

Content Development and Production | Loyola University Chicago Athletics (Internship) June 2024 - August 2024

- Used Adobe Creative Cloud software to create still and motion graphics in venue video boards and official social media platforms.
- Expanded and enhanced the in-game and digital experience for Basketball and Volleyball games.
- Skills Developed: to get projects done on time and to adhere to the school's brand standards.

Daktronics Video Board Operator | Loyola University Chicago Athletics (Part-Time) September 2024 - May 2025

- Operated NewTek 3Play, Tricaster, and Sony technologies during various Loyola games played in Gentile Arena.
- Directed the in game live show, replays, gameplay and fan cams in partnership with Loyola Marketing.
- Skills Developed: to be flexible, quick thinking, and able to improvise on the fly when needed.
